Selectmen's Meeting

SELECTMEN REORGANIZE

John DeCosta was named chairman of the Board of Selectmen; James Huntoon was elected clerk. Newly elected Selectman Frank Suzan expressed his pleasure at the opportunity to serve his townspeople of Mattapoisett and said he looked forward to his new term. Selectman Suzan was voted Civil Defense Director.

RAISE SALARY OF POLICE CHIEF

Selectmen voted a 7% raise to Chief of Police James Moran in a "motion to correct" the police chief's salary. Selectman James Huntoon said that Moran received an increase in pay when he went from Lieutenant to Chief in June but that when all town employees received a 7% raise it was not applied to that salary. The money to close out the fiscal year with a raise is now in the police budget and Mr. Moran agreed that it not be retroactive.

BASKETBALL COURT QUESTION

Michael Cooper asked Selectmen why the basketball court at Center School had not been resurfaced as voted by town meeting last year. Barry Haskell, Recreation Director, was asked to explain the situation. He told Cooper that the original estimate to resurface the court was $800. and that figure was used for the article. In the interim before the work could be approved and done, asphalt went from $19. to $34. per cubic yard, so the appropriation was completely inadequate. Instead, the recreation committee took the backboards down, repainted them and installed new rims. The new rims, he said, were torn down within 3 weeks leaving the courts without the proper number of backboards but with $440. expended. The balance of the appropriated money remains. Chairman DeCosta asked Execu-

HYDRO-PULSE™

A SOLID investment
WITH A
PROVEN PRODUCT

The great, new
Hydro-Pulse™ gas boiler can
REDUCE Energy Costs 30% or more.

This revolutionary new heating unit, made by Hydrotherm, Inc., uses no burner, no pilot light, needs no flue, no chimney. It operates on the pulse combustion principle, which uses natural gas much more efficiently than conventional boilers. This means heating bills can be reduced 30% or more. If you're in a depression over high home heating costs, call us to learn more about Hydro-Pulse.

Hydrotherm® has certified this contractor for Hydro-Pulse installation and service.

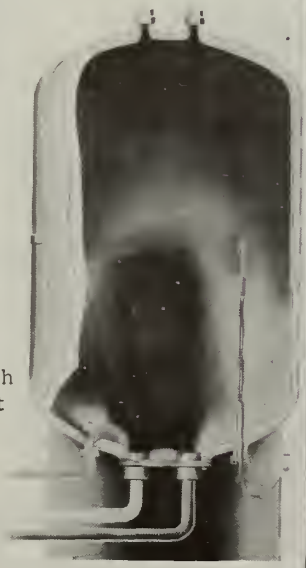
BOILER MATE



teamed with your
Hydro-Pulse
or simply install a Boiler Mate with your existing boiler to replace that inadequate tankless coil.

Remember to ask for
BOILER MATE

* Works with any boiler to heat and store domestic water more efficiently
* High performance heat exchanger .. recovery up to 280 gallons per hour (depending upon boiler output)
* 3/4" high density urethane insulation assures heat loss of less than 2% hour
* Long lasting, leak free, seperate polyethylene inner tank .. 100% corrosion free
* Full 41 gallon reserve
* Unique cold water inlet/diffuser .. provides efficient stratification
* Adjustable wide differential thermostat
* Manual summer/winter switch ..completely packaged with circulator and all controls
* Deep-drawn outer steel tank

tive Secretary Carol Adams to contact Manuel Nunes to ask if something could be done to repair the surface. Cooper volunteered to help with friends to remove the grass and reseal the court. Haskell was asked to see if two more rims could be installed to replace those vandalized.

DOG CHARGES

Executive Secretary Carol Adams showed Selectmen a new form and system for billing charges to hold stray dogs at the Animal Rescue League. A multi-form will give each department a proper record of the dogs and claimants will be required to pay the fee to the treasurer and have a release form stamped before a dog's release.

SPRAY CHANGE

Selectmen were notified by Gary Benzon, Superintendent of Plymouth County Mosquito Control, that airplanes will be used for spraying large breeding areas (such as swampland). This practice will decrease fogging by truck. A slide presentation will be shown in a public meeting to illustrate this change in procedure.

APPROVE STOCK TRANSFER

Selectmen approved a petition for a transfer of 40 outstanding shares of corporate stock of Ten Acres Liquors, Inc. (Freddie's Package Store). The stock will be conveyed from Dorothy A. Matthews to Gail W. Dunn.

Council on Aging MATTAPOISETT

In this issue of Presto Press Seniors will find our ad listing Minibus trips for May. Please remember to call at, or telephone 758-3758, the Mattapoisett Town Hall, the Council on Aging (Room 202) for reservations, but not more than a week before the day of the trip. Because of our more limited budget, we probably will not schedule big bus trips by the C.O.A. alone. We have arranged the trip shown in our ad jointly with the Fairhaven A.A.R.P. and it should be an excellent one. Please get your money and reservations in on time.

There is still one Auto Care Course available April 27 (Tuesday), 6 to 9 p.m., sponsored jointly by the New Bedford C.O.A. and the Goodyear Tire & Rubber Company at their Service Store in North Dartmouth Mall. If you are interested, call the C.O.A., telephone 999-2931, extension 246, as soon as possible, as there is a class limit of 15 people.

Marjorie Waite, Coordinator of the Elder Support Center, a program of Inter-Church Council Pastoral Care and Counseling Services, Inc., has asked our help in suggesting individuals who would like to be trained

RENEW DIAMOND

At work in this picture is a volunteer group getting the baseball diamond at Center School back in shape for the new season. This group received excellent support from local businessmen and are most grateful to Barry Denham, Peter Scott and Joseph Souza for loan of equipment and fill and the Randall Sawmill for furnishing lumber for the repair effort.

Left to right are Brad Barrows, Bruce Mathieson, Ken Soares, Barry Denham, Tom O'Pezio and Richard Barrows.

St. Gabriel's Men's Fellowship

Rev. Ernest Cockrell and Choir Director Peter West will be the guest speakers at the April 25th breakfast of the Men's Fellowship at St. Gabriel's Episcopal Church in Marion.

Coffee at 8:15 will be followed by breakfast at 8:30 and a presentation on the new hymnal for the Episcopal Church by Rev. Cockrell and Mr. West, at 8:45.

The program will focus on the decision-making process over which hymns are "kept" and which hymns are "discarded". Following the program will be time for open discussion of issues of interest or concern to members of the Fellowship.

All men and boys in the area are welcome.

Ham & Bean Supper

The Florence Eastman Post #280, American Legion Auxiliary will hold a Ham and Bean Supper on Saturday, April 24th, at 5 p.m. at Post Headquarters on Depot Street, Mattapoisett. Tickets can be had by calling John DeCosta at 758-2310, George White at 758-2721, or Al's Barber Shop. All proceeds will be used for Rehabilitation, Child & Youth.

Marion is Important to Ted Pratt

Electing Ted Pratt Selectman is Important to You

Getting the most out of your property tax dollar is more important now than ever before, but working for more efficient local government isn't the only reason Ted Pratt is running for Selectman. He's also working for open and responsive government. Ted knows that getting the most out of your own government means getting the most out of all the town's people. He wants to serve you as Selectman so that he can help build a spirit of cooperation to help meet the challenge of keeping Marion such a fine place to live and raise a family.

Marion has been an important part of Ted Pratt's life since 1949, and he's as concerned as you are about maintaining the quality of life that we enjoy in Marion. He wants to serve as Selectman so he can help Marion face the future, and he's been working for Marion for some years now as

- Chairman of the Conservation Commission
- Proposer and Secretary of the Sippican Harbor Master Plan Commission
- Former Chairman of the Title 1 Parents Advisory Committee for Old Rochester Regional Junior High School
- Member of the Harbor Dredging Steering Committee

Vote for some new ideas.

Vote for Ted Pratt for Selectman on April 30th

Edwin H. B. Pratt, Jr., 522 Point Rd., Marion

held April 12th at Ridders Country Club in Whitman, was attended by more than 700 educators.

The Loretta Quinlan Award, presented annually, is given to an educator who has not only excelled in the field of education, but who has also contributed to the community as well. Mrs. Hartley, who was selected over 90 other applicants, has shown herself to be outstanding in both areas. She has taught successfully at Memorial School for 9 years, and during that time, has served in numerous offices of the Memorial Teachers' Association. In addition, she has served on many committees within the school, and is presently the Massachusetts Teachers' Association political action representative for Rochester. In the community, she is an active member of the Woman's Club and the Arts Council. She is a former Superintendent of Sunday School for the Rochester Congregational Church, has participated in Rochester's Tricentennial Celebration, and is an active supporter of Rochester Youth Hockey and Little League. Mrs. Hartley also helped organize a pre-school program for the town library.

Mrs. Hartley received an engraved school bell, symbolic of the Loretta Quinlan award. In addition to the award, the Plymouth County Education Association will also present a $500. scholarship to a June graduate of Old Rochester Regional High School in Mrs. Hartley's name.

Mrs. Hartley is married to Greenwood Hartley III and they are the parents of two children, Scott and Amy.

sponsored the poster contest in honor of National Vision Week. All students in grades 1-4 were eligible, and schools from Rochester, Wareham, and Mattapoisett participated. Brandon was the winner from Rochester, and received a $50. savings bond. Honorable mentions went to Eric Giguere, Ethan Pond and Brian Kilpatrick.

ANNUAL BREAKFAST BY FIRST GRADERS

The smell of pancakes and sausages emanated from one of the classrooms at Rochester Memorial School last week. Mrs. Hartley's first graders held their annual breakfast as the culminating activity for their unit on nutrition. All staff members, as well as the Superintendent of Schools and the School Committee, were invited to join the first graders at their breakfast.

The children were responsible for planning the menu, making centerpieces for the tables, preparing and serving the food, and cleaning up. The meal was a great success, and the children felt that this was a fun way to learn about good nutritional habits.

GYMNASTICS TEAM PERFORMS

The 5th and 6th grade girls' gymnastic team, under the direction of Coach Gary Cushman, displayed their skills for their parents and the rest of the students at Rochester Memorial School this week. The team, consisting of approximately 30 girls, has spent many hours practicing after school in preparation for this show.

The show opened with a comedy skit starring Stephanie Sylvester, Regina Ouellette, Carrie Meunier, Rebecca Fuller, Allison Stewart, Lisa McHenry, and Mr. Cushman. Following this, there was an exhibition of musical tumbling, in which all the girls participated. The most exciting part of the show came next. Each girl chose one area of expertise and performed solo or as a member of a duet. The three areas were uneven bars, balance beam, and floor exercise. Each girl planned her own routine, and in the floor exercise, the girls chose their own music and did their own choreography. The show ended with a display of vaulting by all the girls on the team.

Capt. Heuberger Takes Command

Captain Nathan A. Heuberger, United States Navy, took command of the USS Dixon at the Naval Submarine Base, San Diego, California, from Captain Roderic L. Wolfe, in a ceremony on April 3rd.

Captain Nathan A. Heuberger is the son of Mr. and Mrs. Albert Heuberger of Mattapoisett. He served in the Naval Reserve as a high school student prior to attending the U.S. Naval Academy in Annapolis, Maryland. After graduating from the Academy in June 1960, he attended Nuclear Power School and Prototype training followed by Submarine School.

In November 1961 Captain Heuberger reported aboard the USS Seawolf (SSN-575) and qualified in submarines a year later. Upon leaving the Seawolf he completed specialized reactor plant training at the Westinghouse Bettis Plant in Pittsburgh, Pa. He then reported to the pre-commissioning unit of the USS Alexander

Hamilton and after a three year tour on Hamilton he returned to Submarine School for a two year instructor tour.

In March 1968 Captain Heuberger reported to the precommissioning unit of USS Whale and following a two year tour reported to USS Simon Bolivar as Executive Officer. Following this tour, he completed Prospective Commanding Officer training, then served as Commanding Officer of USS Seahorse from December 1973 to January 1977. His post submarine command tours included duties as COMSUBRON THREE Deputy for Readiness and COMSUBGRU FIVE Chief of Staff.

In addition to the Meritorious Service Medal, he has been awarded the Navy Commendation Medal with two gold stars, the Navy Achievement Medal with one gold star, the Navy Unit Commendation ribbon, the Navy Expeditionary Medal with one bronze star, the National Defense Service Medal and the Deterrent Patrol Pin with one gold and one silver star (7 patrols).

Captain Heuberger is married to the former Mary M. Chipman of Jacksonville, Florida. They have five children: Joanne, soon to become Mrs. Dayton Rinehart; Marianne, Mark, Jonathan and Margaret.

Attending the ceremony from Mattapoisett were Mr. and Mrs. Albert Heuberger, Mr. and Mrs. William Ellis and Mrs. Anne Lima.

Jazz at Tabor

The Ted Casher Jazz Quintet will perform at Tabor Academy on Friday, April 23rd. Ted Casher, who has played with such greats as Nat King Cole, started playing the saxaphone in Skowhegan, Maine at age 13. He has studied at several schools including the East-

man School of Music, which he quit after 2 years saying, "There was just too much seriousness there and I got some flak for wearing a beard". There is no doubting he is serious about playing jazz, however. His career has been primarily the spreading of jazz through teaching and playing. He has performed with an amazing number of groups over the past 30 years, starting with Fern Packard Corson when he was 13, and he has mastered 10 woodwind instruments in the process. He will be playing in Lyndon South Auditorium at 7:30. There is no admission and refreshments will be served.

Yard Sale & Cut-a-thon

The Greater New Bedford Chapter of the Open Door Society will hold a Yard Sale and Cut-a-Thon at the Village Corner, 42 Main Street, Mattapoisett on April 25 from 10 to 3. Mariner Soccer

The Mariner Soccer League will begin its spring season on Sunday, May 2nd, at the East Fairhaven Elementary School, off Route 6, in Fairhaven. The season will run until June 13th and will be again concluded by a Round Robin Tournament.

Sign-ups will be held Saturday, April 24th, from 10 to 12 at the East Fairhaven School. Only children who did not play in the fall need to sign up now and there is a fee for new members. The age groups are as follows: under 14, under 12, under 10, and under 8 as of January 1, 1982.

Our biggest need is for coaches. If you know soccer, that's great, but even if you don't, we think you can be a great coach. Please come and talk to us next Saturday at East Fairhaven School or call Pam Hiller at 758-9032.

Babe Ruth Try-outs

Final tryouts for the Mattapoisett entries in the Gateway Babe Ruth Baseball League will be held on Saturday, April 24, at the Old Rochester Regional High School varsity baseball field, at 1:00 p.m. All Mattapoisett boys who are 13-15 years old are eligible to try out. Anyone who has any questions should call Barry Haskell at 996-0356. The rain date will be Sunday, April 25, at 1:00.

Gymnastics Show at Tabor

The Salem State Women's Gymnastics team will give a show at Tabor Academy on Friday, April 23rd, that will include vaulting and tumbling as well as use of the beam and uneven parallel bars. The show will take place on the third floor of Hoyt Hall in the Gymnastics room at 7:30 p.m. There is no admission and refreshments will be served.

Auto Accident

FOUR INJURED

Mattapoisett Police were called to the scene of an accident when a motor vehicle, a Honda Civic, crashed into a utility pole on Acushnet Road, near the Decas Cranberry Bogs, Saturday night. The call was received at 11:49 p.m. Four people were injured in the accident which is still under investigation.

The operator of the car, Arnold H. Bridge, III, age 19, of 60 Deepwoods Drive, Mattapoisett, had face and arm injuries and was treated at the hospital and released.

Passengers were: Tracy McGrath, age 17, 46 Front Street, Marion, treated for injured hip and legs, and released; Pamela Baurgault, age 20, 912 Walnut Plain Road, Wareham, injured face and

LIFECYCLE Aerobic Trainer

Aerobic Conditioning: The Key to Physical Fitness. Every physical potential of the body is increased with a higher aerobic base. Unlike other forms of aerobic exercise, the LIFECYCLE computer program precisely controls the periods of exertion and rest to maintain the level of exercise within the pre-selected training range. The LIFECYCLE control console provides a continuous visual display of calories consumed per hour, pedal speed, elapsed time, and current exercise level. At the same time it allows access to the built-in fitness calculator, designed exclusively for LIFECYCLE, which enables the individual to measure his or her personal fitness. The LIFECYCLE program is based on the principle of "Interval Training with Progressive Overload."

COME IN FOR A FREE CARDIOVASCULAR ASSESSMENT. All testing is done on the diagnostic LIFECYCLE. No Charge. No Obligation.

Cultural Resources Directory

VISUAL & PERFORMING ARTISTS

We have received forms from the Fairhaven Arts Council to register local artists, musicians, dancers, photographers, dramatists, craftspersons, etc. in a "Cultural Resources Directory" for the area. They are interested in as many area artisans registering as possible.

If you are interested in registering please contact your local arts council for forms. Mrs. Lois Murray, chairperson, 758-4949, Mattapoisett Arts Council.

Letters to the Editor

I wish to congratulate you on your recent editorial in regard to Nuclear Arms build-up. It was right on the mark!

Please permit me to venture a few thoughts and facts on our Nuclear situation, and the great danger facing our country in the near future, from the Soviets.

Hitler, fifty years ago, told the world what he intended to do. People scoffed at him. We all know what happened! The Kremlin communists have been equally frank, and still we have a lot of secular humanists who are scoffing!

Seldom, in the world's history, has any nation been forced to fight, if it has been fully equipped both spiritually and physically, to defend itself. The same holds true in today's world.

Many of us do not believe that our great-

WASHING MAKES IT BETTER, NOT SMALLER.

One of the nice things about a 100% cotton lisle sport shirt is that the more it's washed the softer it gets. One of the unfortunate things is that some cotton shirts also get smaller.

Cross Creek has solved that problem.

Our 100% cotton lisle shirts from Cross Creek are all Qualitized.

That's a patented process that assures you that our Cross Creek shirts will not shrink out of size.

So every time you wash our shirt it gets softer, not smaller.

No wonder so many people have come to refer to our Cross Creek shirt as "The Exceptional Shirt."

290 Front Street, Marion. 748-1318. 9 to 6 Weekdays, Saturdays 9 to 5, Sundays 9 to 12.

est present danger from Russia is from an all out nuclear attack, nor from a lesser preliminary attack. Our greatest danger from the Soviet missile superiority is that we can be blackmailed into acquiescence to whatever they demand. The Kremlin would much prefer to acquire our industrial plant, our technology, our farm production, and our general know-how, than to destroy it all, thereby making it unavailable to them.

By mid-summer of this year, the Soviets for the first time will have in place a complete first strike counterforce capability. This means that without warning, they would be able to eliminate all, or essentially all, of our land-based intercontinental ballistic missiles. Then, with a vast second-strike capacity still ready, the Soviets could threaten every major city in the United States with annihilation. They would know that our sea-based submarine missiles could reach some of their cities, but would not have the accuracy to eliminate their land-based second strike capability. An American President would then have the option of surrendering after sixty million casualities, or provoking a second strike, that would leave perhaps one hundred and fifty million American dead!

The former great American sports writer, Bill Cunningham, once said "This Nation Came a Long Way on Hickory and Prayer". It seems to many of us today that this nation had better get back into practicing the power of prayer, and at the same time go all out to build up its hickory to a par with the Soviet Union!

meeting of the American Medical Association voted unanimously to inform the President and Congress of the United States of the medical consequences of nuclear war, and to begin to educate physicians and the public about them.

Last week in England medical specialists and general practitioners from 31 countries met to study the medical problems of nuclear war. At the end of the meeting they sent letters to both President Reagan and President Brezhnev, calling for a reversal of the nuclear arms race, because the medical consequences allow for only one remedy - prevention.

In our area the aftermath of a major nuclear attack would include, besides massive and immediate fatalities, the destruction of most hospitals, their staffs, doctors, equipment and supplies of medications. The few surviving uninjured health workers would face thousands of critically injured people for whom there would be no anesthetics, no painkillers, no antibiotics etc. - in short, none of the materials that make treatment of major injuries possible. Nor would help soon arrive from "outside", since other areas would be similarly devastated,

and communications and transportation seriously disrupted. The immediate problems of lack of food, uncontaminated water and electricity would soon be compounded by the appearance of radiation sickness and infectious disease.

The prevention of this terrible scenario does not lie in an acceleration of nuclear arms build-up by the U.S., which will inevitably be matched by a Soviet build-up. The degree of "overkill" which each side already possesses is becoming sickeningly familiar: "we can kill them 40 times over, they can kill us 22 times over". We have reached the situation where more and more of these horrifying weapons are being deployed around the globe, under the control of fallible people and fallible computers.

U.S. Government documents reveal that over 100,000 people have access to our nuclear weapons. Of these people, over 4% have to be removed from their positions each year because of involvement with alcohol or drugs, or for negligence or insubordination. Numerous computer mistakes and false alarms have been reported. The USSR does not publish similar facts, but alcoholism is a major Soviet health problem, and Soviet computer technology is probably not as advanced as ours. It is not unrealistic to think that the Soviet military has to cope with similar problems.

This ultimate threat to public health and human survival compels me to join other physicians, nurses and health workers in this country and around the world in urging negotiation of a mutual nuclear weapons freeze between the U.S. and the U.S.S.R.

Dora R. Empson, M.D.

NUCLEAR STUDENT TOWN MEETING AT ORR

At a Warrant Committee Meeting in March 1982 it was proposed that a petition be drawn up to hold a Special Town Meeting to discuss a Nuclear Freeze Resolution. The petition quickly received the ten percent of the student body's support and a Town Meeting was scheduled for April 2, 1982, at 8:30 a.m. in the school auditorium. Throughout the previous week students were encouraged to speak on the topic with their peers and parents. Teachers were asked to give some time each day to discuss the resolution. A film, The Last Epidemic, was shown in the library for two days and many attended the several showings. A panel was formed to consist of Mr. Oliva, a Social Studies teacher, and Mr. Randolph, a Mattapoisett resident who is a strong supporter of a similar resolution for his town meeting. Students would be given time to discuss the pros and cons of adopting such a resolution, a question and answer period would follow with a debate and a vote by the student body on the resolution.

RTE. 6, MATTAPOISETT TEL. 758-2153

The meeting began with a slide presentation by Mr. Randolph on nuclear development and its consequences. Mr. Randolph supports the movement for the nuclear freeze. He said that the nuclear freeze, a joint USSR-US agreement to stop all production of nuclear weapons, is a first step towards assuring peace for all mankind the world over. He agrees with the statements: It is not a call for disarmament, not even nuclear disarmament; it is not a call for unilaterial disarmament; and it is not a call for a reduction in our current nuclear weapon stockpile.

Mr. Randolph stated clearly that a limited nuclear war is not realistically possible. All weapons will be extended. Also, he pointed out that historically, any weapon that has been developed by man has eventually been used. As nuclear weapons become more sophisticated and more numerous, the chance of both an intentional "first strike" or an accident escalating into an all out exchange of weapons increases.

Mr. Oliva opposed Mr. Randolph in that he felt the Nuclear freeze is the wrong course of action. He is concerned with the fact that the freeze will not hold up. His fear in signing such an agreement is that the United

States would comply but would the Soviet Union? History says that nations never can agree. Mr. Oliva said: "If the Soviet Union thought that they could start a war and win, I believe that they would. I feel that an international agreement is not the right method of settlement at this time." Mr. Oliva mentioned that the Soviets have demonstrated their want for superiority; however, their economy is in trouble. "The

Soviets would like a freeze because they would stop producing arms, but they would up their economy and possibly aid other nations. Right now, I don't trust the Russians!" At the conclusion of this panel discussion between Mr. Randolph and Mr. Oliva, the students had a few comments. Anthony Days, a junior, said: "The Russians are human beings also and I'm sure that they don't want to be killed." Richard Harrison, also a junior, rebutted by saying: "The Russians are not 'hip' to the whole existing circumstances. If they think that they have the power to overtake the United States, I think that they will go for it."

Following the floor discussion the student body voted 4 to 1 to support the Nuclear Arms Freeze resolution which read: The U.S. and the Soviet Union should immediately and jointly stop the nuclear arms race. Specifically, they should adopt an immediate mutual freeze on all further testing, production, and deployment of nuclear weapons and of missiles and now aircraft designed primarily to deliver nuclear weapons. The resolution will be forwarded to our state and national legislators. The program was organized by Mr. R. Normand, the Social Studies Coordinator and the Stu-

Diabetic Association

On Sunday, April 25, at 7 p.m. there shall be a meeting of the Greater New Bedford Diabetic Association. It will be held at the Caroline Street Recreation Hall, at the corner of Caroline and Parker Streets.

Ms. Betty Butts, director of the Center for the Visually Handicapped, will be featured speaker and will discuss the "Diabetic and His Eyes".

A business meeting will precede the speaking part and will include a discussion of future plans for the organization.

Blessed Sacrament

The Adorers of the Blessed Sacrament will hold their monthly holy hour Tuesday, April 27, from 7 to 8 p.m. at the Sacred Hearts Church, 382 Main Street, Fairhaven. It will consist of special guest priest, Msgr. Henry Hamel, who will have Exposition of Blessed Sacrament, meditation and prayers. Refreshments will follow in the church hall. Everyone is welcome to attend. Our Lady of Lourdes Chapel, in the Sacred Hearts Church, is open daily for adoration from 8 a.m. to 9 p.m. (except Wednesday, closes at 9 a.m.). Anyone who desires more information or to join the holy hour program

Old Hammondtown School

CPR TECHNICIAN TALKS TO STUDENTS

Mr. Louis Bertrand, a trained C.P.R. technician, recently talked with Mrs. Shirley Tinkham's fifth grade students at Old Hammondtown School about cardio pulmonary resuscitation and how it is performed. C.P.R. is a technique used to attempt to revive heart attack victims. While at Old Hammondtown School, Mr. Bertrand demonstrated mouth-to-mouth resuscitation using a mannequin. He also explained the difference between a heart attack which occurs when the victim is conscious, and a full arrest which occurs when the victim is unconscious. He reviewed the Heimlich maneuver used when the victim is choking. This activity helped in the class's study of the circulatory system. His presentation was very interesting and informative to all who observed.

Nuclear Power Primer

"How Safe is Safe Enough" asks one section of A NUCLEAR POWER PRIMER: Issues For Citizens, an excellent review from the League of Women Voters Educational Fund of the history of nuclear power and the prospects for its future. The question is the central one, not only for nuclear power, but for life in the late 20th century.

A writer intent on inventing a metaphor by which to convey the clash of values, the ambiguity of choices and the scale of risk which this century has put before us would be hard pressed to find one more appropriate than nuclear power. While addressed directly and effectively to the controversy which now surrounds the generation of electric power in the U.S. by nuclear fission, the 80 page booklet makes clear that the future of nuclear power involves much broader considerations such as our national defense, the allocation of capital within our economy, the progress of developing countries and relations with our allies.

The League's Primer is designed to inform, not to sway opinion. Unlike the paperback anti-nuclear polemics which line the bookstore shelves, or the soothing "father-knows-best" advertisements of the power industry, the Primer presents fairly the facts and the arguments of both sides (and in several instances the arguments among those on one side of the fence or the other). It invokes only a minimum of technical terms and these are all described clearly in a five page "centerfold" entitled "A Short Course in Nuclear Reactors".

The booklet begins with a brief history of the policies and institutions which brought us to our present perplexed state. It then deals with the assessment and management of risks in the nuclear fuel cycle from mining through waste disposal. A section on individual perceptions of risks of different

sorts is especially interesting in understanding how the "experts" can come to different conclusions with the same facts before them.

Finally, the issue of nuclear proliferation and the inevitable intertwining of nuclear weapons and nuclear power is reviewed as well as the technical issues involved and the elusive but crucial foreign policy problems created by the U.S. leadership, or lack thereof, in the nuclear power fields. It is well written in a concise, clear and straightforward style.

In its two page conclusion, this well-guided tour of a treacherous landscape provides the best argument for reading the previous 78 pages --- "What is being debated today is not primarily how this technology should be developed - a technical issue - but what type of commitment should be made - an economic and political, and even a moral issue. While scientists played a dominant role in the first decision, the public will shape the second through their decisions in the market place and the voting booth, and through their participation in energy policy making at the local, state and federal levels."

To this statement I can only say "Amen".

John J. Russell

(John J. Russell is a Professor of Physics at Southeastern Massachusetts University and has developed and taught courses on Nuclear Power and on Energy Policy.)

The booklet is available from the League.

FIELD WALK

Now that hibernation is over, mammals, reptiles, amphibians and insects are returning to an active life of searching for food. Many of these animals' comings and goings can be detected by the signs they leave behind. If we become familiar with these signs we can trace the animal activities. On Saturday, April 24th, the morning field walk at the Children's Museum will be "ANIMAL TRACKS AND SIGNS". Please join us, open to all ages, the walk starts at 10:00 a.m. and is free.

SATURDAY PROGRAM - HUMMINGBIRDS

The warmer weather will soon bring all our summer birds back to this area. Among them will be the tiniest bird of all, the HUMMINGBIRD. Ruby-throated Hummingbirds inhabit our gardens and greenhouses every Spring though they may be too small, or too fast to observe. On Saturday, April 24th, Mrs. Jo Fernandez will give a program at the Children's Museum on hummingbirds.

For anyone who has ever been curious about this fascinating bird, here's your chance to see some original photography taken locally, and to have all your questions answered. The program starts at 2:00 p.m. and there is a small admission for non-members.

SPECIAL ROCK AND MINERAL EXHIBIT

Students of science, educators, rock and mineral collectors! The Children's Museum of Dartmouth is sponsoring a "ROCK AND MINERAL EXHIBIT" on May 8th that will feature an exceptional collection of "Alpine" minerals found in the Greater New Bedford area. These exquisitely rare and beautiful minerals were formerly thought to be found only in the Swiss and French Alps in Europe. But recently, exciting discoveries have been made in southeastern Massachusetts that have identified these minerals as being identical in quality to the prized

specimens found in the Alps. This discovery has earned southeastern Massachusetts the nickname "Swissachusetts".

At Friends Academy on Tucker Road in North Dartmouth, the collection of Mr. Leroy Vargas will be on exhibit. Mr. Vargas has spent a lifetime prospecting for mineral specimens and he is among those who have made this "Alpine" discovery. Come see scientific history being made!

Along with the "ROCK AND MINERAL EXHIBIT', a slide/talk will be given by the Assistant Curator of Harvard's Mineralogical Museum, Mr. William Metropolis, on Harvard's collection. The talk will be at 2:00 p.m.

There will also be a sale of cabinet-quality specimens in the price range of $1.00 to $5.00 for the amateur rock collectors.

The exhibit will begin at 2:00 p.m. and admission will be charged.

Science students from grammar school through college will find this exhibit fascinating. Scout groups and Rock and Mineral Clubs are most welcome to come.

Please call 993-3361.

MAY FEST

An old-fashioned May Day Festival, complete with Maypole and Maybaskets, is planned at the YWCA Standish House on Sunday, May 2. The Festival will begin at noon with a luncheon and bake sale, with all foods prepared from recipes from the Standish House Historic Cookbook. Poetry readings by local poets and musical entertainment is also planned.

Reservations should be made by April 30 at the YWCA main desk.

WEDNESDAY LUNCHEON

CUDA - the Cape Verdean Universal Development Association will be discussed by Robin Cordwell at the YWCA Wednesday Luncheon on April 28. The Wednesday Luncheon series offers a tasty cafeteria-style luncheon with weekly specials, followed by an informative program every week, starting at 11:45 a.m. The public is invited.

SCULPTURED LAMPSHADES

Pierced and cut designs make a plain lampshade into a work of art. Learn how you can make your own lampshades, coordinated to your decor, at the YWCA Sculptured Lampshade class. A new morning session will begin on Thursday, April 29, from 9 to 11 a.m. To accommodate mothers with young children, babysitting can be arranged, for a nominal fee, by calling the YW at least 24 hours in advance.

Advance registration at the YWCA, 66 Spring Street, New Bedford, is required.

NATIONAL SWIM MEET

YWCA Aquarian Swim Team sent 15 members to the 10th annual Junior/Senior National YWCA Championship Swim Meet at the State University of New York in Cortland, New York recently.

The team of Matt Crowley, Jim Henry, Rick Porter and David Ponte, all of New Bedford, placed 6th in both the 200 Free-

Bay Cable Telerama

MARCH OF DIMES

Bay Cable T.V. and the March of Dimes are preparing for their 2nd Annual Telerama to be aired on Sunday, June 13. They are looking for energetic, enthusiastic community members eager to devote a few hours for this worthy cause. Your assistance in this year's Telerama is vital to its success. Any interested persons should contact Dee-Dee Webster, c/o Bay Cable T.V., 149 Wareham Road, Marion, MA. 02738, telephone 748-2400.

Term Reports

Term 3 grade reports have been issued for all students at Old Rochester Regional High School. Please note that Semester I grades do not appear on this particular printout and that comments have not been used this marking term. Parents of students who are having difficulties are urged to make an appointment with their student's counselor.

PLYMOUTH SAVINGS
has a three letter word for LOAN

yes!

If it's a mortgage for a new home, a home improvement loan, or an innovative use for a Home Equity Loan, come in and see us — we like to say yes!
